

MEMORY CARD

How have you been touched by

?

My former husband's family was directly impacted by police action where a Black Panther was killed by the police. This is important for my children and grand children to know how much has changed and how much has staid the same. As I quote my poem "The shackles have been moved long ago but the chains have remained on our souls."

(Nathan Perri James -
"People of No Voice")

Pen name of Leticia.
